

# Exclusive Discount Order Form

*HBA Magazine Offers the Most Responsive Leads on Peel-n-Stick Labels!*

There have been various Mailing Lists used to promote *NMplus* since it's inception. We have found this list to be very responsive, compared to "cheap" lists that are filled with "Information Junkies!" You should mail to your own "in-house" mailing list first, if you have one. Then mail between 10 - 20 Postcards or Flyers a DAY to a Responsive Mailing List!

**Home Business Advertiser** magazine offers **Fresh, High-Quality Mailing Leads** that are responsive to the *NMplus* home business opportunity! As with ANY mailing list, I can't guarantee or project a response rate. No business can! But here's what I know: Every home business opportunity requires "working capital"... and a More Responsive Mailing list will actually end up Saving You Money on Printing & Postage costs! Fewer postcards or flyers mailed, with a better response rate, Saves You Money!

**These Leads could sell for up to .50 cents per Lead... but with this coupon flyer, you get them at a discounted price!**

- All names are between 1 and 45 days old!
- Names printed 1200 dpi on laser labels to increase the quality of your mailing piece!
- All orders shipped within 24 hours.

Program Working: NMplus

**Choose One**  
(Leads on Peel-n-Stick labels)

**250 Leads.... \$52.00**

**500 Leads... \$92.00**
